Water

Scouts fill both 5 Galon Collapsable water jugs on Friday when we arrive after tents and personal gear is set up.

Scouts will refill both 5 gallon buckets on Saturday before Dinner

Scouts will empty and collapse water jugs on Sunday Morning after breakfast

NOTE: The water jugs needs to be rinsed out onFriday before Filling

Cooks

Scouts will prepare meals

Scouts will clean up cooking area before the meal is eaten

Scouts will clean up stove after it has cooled down

Scouts will put away stove after it has been cleaned on Saturday Night

Table

Scouts will clear and set the meal table before the meal is started

This includes - putting out drinks, clearing everything non meal related off the table

This also includes setting common utensils (serving items) and common food (like syrup, ketchup, fruit etc)

Scouts will clear the tabel after the meal of all common food and beverages.

Scouts will wipe the table down

Clean Up

Scouts will set up wash stations and call for personal gear washing

Scouts will then clean cookwearand common dishes (serving pots/pans and utensils)

Scouts will then dispose of wash water and set up wash buckets to dry

Dining Fly

Scouts will set up dining fly Friday after personal gear and tents

Scouts will put away fly after dinner on Saturday night if it is not raining

Chuck Box

Scouts will assemble or set up chuck box

Scouts will put away chuck boxes (with dry dishes after Saturday dinner)

Cook Table

Scouts wil assemble cook table

Scouts will make sure table is wiped down and dry and in trailer after meal on Saturday night

Propane/Lantern

Scouts will assemble propane tanks with lanterns on Friday Night - while patrols determine tent sights

Scouts will put away Lanterns and Propane on Sunday morning before breakfast
